**OUR GUARANTEE AND TERMS OF SALE**

We guarantee all stock sold by us to be healthy and true to name, should any prove otherwise, we shall at any time within three years from date of invoice, replace same without additional charge. Our terms are cash with order or before shipment. We prepay transportation charges on all retail orders. We want you to be pleased with your plants and are always ready to be of whatever assistance we can in promoting your success.

**CULTURAL NOTES**

Peonies will do best when planted in well drained soil in a sunny location. In planting, the ground should first be well spaded and a hole dug sufficiently large to accommodate the roots without crowding. The plants should be set with the eyes buried about two inches below the surface of the ground. A mulch of leaves is beneficial during the first winter.

Irises may be set any time from July until late fall. The bulbous part of the rhizome should be about half buried in the soil in a reasonably sunny location. Excessive moisture should be avoided. It is usually well to divide and reset the clumps every three to five years.

# PRICE LIST

In this, our 1934 - 35 price list, we are endeavoring to offer you the finest in peonies and irises at the lowest prices we have ever known quality plants to be sold. In spite of the very reasonable prices which we have listed, we are still sending out only the same strong, healthy, true to name plants which have made us so many friends in the past and which we feel so sure will please you.
